

# FAKE NEWS KILLS NINE

On June 17, 2015,  
Dylann Roof  
entered the  
Emanuel African  
Methodist  
Episcopal Church  
during a Bible  
study and shot 77  
times, killing nine  
African American  
people.

When asked what  
led him to commit  
the hate crime, he  
answered: "It's  
pretty much the  
Internet. All the  
information  
is there for  
you."
